

Gold Archival CD-R

FalconMedia Century Gold Archival CD-R has been specially designed for long term archiving, to protect and store all data, records, books and collections, assuring their heritage and availability for future generations. FalconMedia Century Gold Archival CD-R integrates a double reflective layer of both Gold and Silver to ensure highest compatibility. The Gold layer offers maximum resistance to environmental degradation. Especially corrosion which is one of the major causes of discs failure in standard media. While the silver layer delivers, high reflectivity and broad drive compatibility.

FalconMedia Century Gold Archival CD-R has been tested in accelerated aging tests executed under high humidity and high temperature conditions confirming the excellent archival lifetime. Gold Archival CD-R guarantees safe archival storage for over 300 years. The use of high reflective Silver layer and standard premium recording dye's ensures the best possible drive compatibility during recording and playback.

Speed

Capacity
700MB

300 years
SAFE ARCHIVE
CD-R

- Premium OEM Japanese materials & technology
- Gold layer disc & Archival grade
- Excellent compatibility
- Licensed Japanese MID Code
- High performance with low error rates

Characteristics	
Recording Speed	52x
Storage Capacity	700MB Data
Recording Time	80min Audio
Recording Type	Write-Once
Recording Layer	Organic - Dye
Time code	97m15s05f - 79m59s74f
Reflective layer/mask	Double reflective layer gold & silver-alloy
Protective Layer	N/A
Estimated Shelf life under office condition	300 Years - ECMA 396, ECMA 379

Printable options	Printing system
Smart White	All Inkjet printers
Thermal White	Thermal printers color system and monochrome
Blank Shiny	Thermal printers monochrome rimage prism, offset printers

Region	Packaging Options	QTY per carton	QTY per pallet
EU	25 PK Cake Box	300 pcs	14,400pcs
US	25 PK Cake Box	300 pcs	19,200pcs
